Jurisdiction in this court is based on:

North Carolina Eastern District Courts
which covers Camp Lejeune USMC Base + Base Housing - TT II
and Jacksonville area, which is in the Onslow County

The acts complained of in this suit concern:

I First lived in Camp Lejeune Marine Corp Base Hospitality House Nov. 1983 for over 30 consecutive days. I also lived at 2919 Skipper Drive, TT II with my husband and daughters. We were never informed of the water contamination, not even one time. Now, according to my Oncology my cancer Synovial Sarcoma (a soft tissue cancer) and my medical condition was caused by the contamination. The 2nd time my cancer returned it was the soft tissue with the cancerous tumor had wrapped around the bone that lead to me having AKA (above the knee amputation) of the right leg. I use crutches and wheel chair and prosthetic daily. Under went Chemotherapy + Radiation twice. 2 miscarriage that was acknowledged by the CLFMP. They covered nothing. Received the VA medical card by covered nothing. My life changed dramatically and I could do nothing to stop it. I had to fight to live, medical bills, doctor bills, lost alot, lost friend, unable to get better jobs, work 2 days a week, unable to run, exercise as normal, relationship changed with my son for the worse. No sexual relation with men, the way I am treated by others just to name a few. I request a.

by judge or trial that will allow you to hear and see for yourself and have a better understand of the effects of the contamination from the Camp Lejeune. vs you judging me from a piece of paper. I live in prison daily. I completed all the paperwork that was asked of me to be told of a Toxic Act of North Carolina but it was never revealed of the contamination. Because they hid that information from us. I do have other medical condition that is attached to the documents. I want the chance and time to express my concerns/155405

(If you need more space, or wish to include any further information for consideration, please attach additional sheets.)

I seek the following relief:

medical expenses, purchases of prosthetic and hardware, crutches, wheelchair, replacement of prosthetic parts when needed, Secondary medical issues, pain and suffering, Finances, handicapp accessibility items, among other items
